

Full Stack Developer

I'm a passionate Full Stack Developer with 2 years of experience, specializing in React and Node.js, eager to learn and take on new challenges. I thrive on writing efficient code and creating user-centric web experiences. With a keen eye for detail and a knack for problem-solving, I aim to bring real value to every project I work on. I'm currently looking for my next opportunity to grow as a developer and make meaningful contributions to a dynamic tech team.

SKILLS

- **Frontend:** HTML, CSS, JavaScript, TypeScript, React, Next.js, Redux
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB
- **Dev Tools:** Cursor AI, Git, Docker, REST APIs

Languages: Hebrew (Native) | English (High Proficiency) | French (Native)

Work Experience

Front-End Developer - Internship

Jane.co.il | March 2024 – May 2024

- Built and maintained responsive user interfaces using Next.js and Tailwind CSS.
- Balanced functionality with clean, modern design—focusing on both usability and code quality.
- Worked closely with designers and back-end developers to launch new features and improve user experience across platforms.
- Emphasized component reusability and scalable architecture to support future development.
